PROFESSIONAL SUMMARY

Senior UX/UI Designer and UX Architect with 20 years of experience leading end-to-end design for consumer and enterprise web, desktop, and mobile applications across Financial Services, Software, Public Sector, and Engineering industries. Proven track record building and mentoring UI/UX teams, defining design strategy, and creating scalable design systems that align user needs with business goals. Skilled in user research, wireframing, prototyping, usability testing, information architecture, and stakeholder collaboration, with hands-on front-end development capability and growing expertise applying Generative AI tools to accelerate the design process.

CORE SKILLS

UX/UI Leadership: Design Strategy, Team Leadership & Mentoring, Stakeholder Management, Design Systems, Design Sprints, Cross-Functional Collaboration

Design Process: User Research, Usability Testing, Information Architecture, User Journey Mapping, Personas, Wireframing, Prototyping, Heuristic Evaluation, Human-Centered Design, Design Thinking, Jobs-to-be-Done

Design Tools: Figma, Adobe XD, Sketch, Axure RP, Miro, InVision, Adobe Creative Cloud

Front-End Development: HTML5, CSS3, SCSS, LESS, jQuery, Bootstrap, Angular Material Design

Collaboration & Workflow: Jira, Confluence, Git, Agile/Scrum

CMS Platforms: Drupal, WordPress, Joomla, Moodle

AI-Powered Tools: ChatGPT for UX Writing, Claude for User Research Synthesis, Midjourney/DALL-E for Concept Visualization, AI-Assisted Prototyping, Google AI Tools

PROFESSIONAL EXPERIENCE

UI/UX Consultant & Architect | *Self-Employed, Pune*

Aug 2025 – Present

- Provide end-to-end UX/UI consultation for B2B and B2C digital products, simplifying complex workflows and improving user engagement through data-driven design strategies.
- Conduct user research, competitive analysis, and usability testing to inform design decisions and validate product-market fit.
- Build design systems and component libraries to ensure consistency and scalability across multiple product lines.
- Leverage Generative AI tools for rapid prototyping, UX copywriting, and persona generation, reducing design iteration cycles by 30%.

UI/UX Lead / Manager | *Pitney Bowes, Pune*

Apr 2025 – Aug 2025

- Defined and executed UI/UX strategy aligned with business goals across product lines.
- Led, mentored, and managed a team of designers, ensuring growth and alignment with project objectives.
- Partnered with product managers, developers, and stakeholders to translate business objectives and user needs into design solutions.
- Oversaw end-to-end design from user research and concept creation through final implementation.
- Built and maintained design systems to ensure consistency and scalability across products.
- Planned and conducted usability testing sessions to gather insights and refine designs.

UI/UX Lead / Manager | *MRI Software, Pune*

Dec 2024 – Apr 2025

- Defined and executed UI/UX strategy aligned with business goals; led and mentored a team of designers.
- Collaborated with product managers, developers, and stakeholders to align design with business and user needs.
- Owned end-to-end design oversight from research and concept through implementation.
- Created and maintained design systems and led usability testing initiatives.

UI/UX Manager | *Capita, Pune*

Dec 2020 – Nov 2024

- Gathered and evaluated user requirements in collaboration with product owners and stakeholders.
- Presented UX design concepts to stakeholders for review and feedback.
- Drove development and communication of design guidelines, patterns, libraries, and assets.
- Partnered closely with development teams to implement the design vision.
- Redesigned existing UI/UX for improved adaptation across Android, iOS, desktop, and web applications.

Lead UI/UX Designer | *Barclays, Pune*

Aug 2018 – Dec 2020

- Gathered and evaluated user requirements in collaboration with product owners.
- Presented UX design concepts to project stakeholders for review and feedback.

- Drove development and communication of design guidelines, patterns, libraries, and assets.
- Redesigned existing UIs to better adapt to Android, iOS, and web applications.

Lead UI/UX Designer | *Cybage Software Pvt. Ltd., Pune*

Sep 2015 – Jul 2018

- Created high-fidelity interactive prototypes to demonstrate application concepts to clients.
- Recommended alternative design solutions based on technical constraints, earning positive stakeholder feedback.
- Developed front end using HTML5, CSS3, Angular Material Design 2, Bootstrap, jQuery, and SCSS.
- Mentored team members, performed code reviews, and resolved defects on Drupal-based CMS applications.
- Documented design and development processes and delivered projects ahead of schedule.

UI/UX Consultant | *Datamatics UK Ltd., UK*

Apr 2015 – Sep 2015

- Led and mentored UI and front-end development teams, delivering desktop and mobile-optimized B2B solutions.
- Crafted visual design and workflows for a Learning Management System (LMS).
- Owned user experience, information architecture, and interaction design in close partnership with development teams.
- Defined UI scope, effort estimates, and scheduling; ensured W3C compliance across major browsers.

Lead UI/UX Designer | *Harbinger Group, Pune*

Jul 2011 – Apr 2015

- Led front-end and UI development teams delivering desktop and mobile-optimized B2B solutions, including LMS visual design and workflows.
- Owned user experience, information architecture, and interactions; created mockups and responsive HTML for web and mobile.
- Converted PSD designs into UI integrated with Java, RoR, .NET, PHP, and PhoneGap codebases.
- Facilitated design workshops on user journeys and flows; ensured W3C-compliant cross-browser experiences.

Sr. UX/UI Designer | *Avians M2M Solutions Pvt. Ltd., Pune*

Jun 2010 – Jul 2011

- Led UI design and front-end development for the organization's intranet website and internal tools.
- Created sketches, paper prototypes, and wireframes, collaborating with other UX designers to refine concepts.
- Partnered with IT developers and product stakeholders to ensure accurate implementation of UI designs.
- Built corporate websites and large-scale web applications using Dreamweaver, HTML, Flash, and Photoshop.

UX/UI Designer | *There4 Virtual Media Pvt. Ltd., Pune*

Feb 2006 – Jun 2010

- Built front-end architecture meeting international and client branding requirements; led performance engineering to improve speed and usability.
- Decoupled HTML/CSS/JavaScript to create maintainable, scalable applications and streamlined automated testing.
- Evaluated prior design efforts to propose new product vision and strategy.
- Designed intuitive UX solutions for complex online systems and print media.
